

## The Melker Schörling Scholarship 2017

# We believe in you. Do you?

The knowledge and experience of our people is the foundation of Securitas. The Melker Schörling Scholarship offers our people the opportunity to develop professional knowledge and experience in an international setting. The scholarship is offered annually to four front line employees who consistently make a difference for our customers by acting as everyday heroes in their work.

Established in 1992, the Melker Schörling Scholarship was created when Melker Schörling left his position as President and CEO to become Chairman of the Board.

The purpose of the scholarship is to offer international training opportunities within a specific area/topic in a country where Securitas operates.
